Easy Ordering From the Supply Chain Experts

Now it's easier than ever to integrate the right tools into your supply chain... with PEAK Online Ordering.

- Software, scanning/mobile computers, barcoding/printers, RFID, labels and ribbons and more.
- Zebra, Motorola, Intermec, Printronix, Seagull Scientific, and Cisco, to name just a few.
- Flexible payment options - purchase by credit card or establish billing terms.
- 24/7 convenience and secure, user-friendly interface.
- Fast shipping of standard items.
- Printer Reference Guide matches labels, ribbons, print-heads, and accessories for your specific printer.
- For recurring product orders, PEAK offers a customer-specific order pad through peakdirect.com. (It's quick and easy. Contact your PEAK sales rep to get started.)

Not to mention the peace of mind that comes with ordering from one of the largest, most trusted providers of automatic identification/data collection (AIDC) solutions and services for more than 20 years.
