

Prepare for Whatever Comes Next with Zebra Scanners

Ready your supply chain to meet a surge of high-velocity and high-volume demands. With Zebra, you can stay a step ahead thanks to innovative hardware and intelligent software that expands your scanning capabilities.

Start with Yesterday's Essentials

Speed & Reliability: Capture even the most challenging barcodes the first time.

Accuracy: Select and scan a single barcode among many with precision accuracy using picklist mode.

Customizable Settings: Get fast and easy setup with intuitive, free management tools like 123Scan.

Wider Working Range: Up-level your agility with scanning ranges of up to 70ft.*

Devices Prepared for Today's New Reality

Protect Workers
Built to hold up against constant sanitization

Fail-Day Devices
Avoid sharing devices with cordless designs & batteries that last all shift long

Manage Devices Remotely
Configure devices spread across sites from one central location

Ultra-Rugged Design
Get unstoppable performance with a dust, water and drop-resistant design

Cut Costs
Lower expenses with longer-lasting batteries and endless device durability

Look to Zebra for Future Resiliency

When tomorrow brings change, Zebra brings new capabilities for your existing scanners. Be on the lookout for a new upcoming intelligent parsing solution.

The Path to Progression Starts with Zebra

Configuration	Products	Key Features
Standard Range	LI3608-SR/LI3678-SR	1D linear
	DS3608-SR/DS3678-SR	1D/2D, from near contact to 5 ft/1.5 m
Extended Range	LI3608-ER/LI3678-ER	1D only, up to 65 ft away, 3.5 times farther on paper compared to competitive laser models
	DS3608-ER/DS3678-ER	1D/2D, from 3 in to 70 ft, reading 35% farther and 60% closer than competitive models
High Density	DS3608-HD/DS3678-HD	1D/2D, reads 3 mil high density barcodes
High Performance	DS3608-HP/DS3678-HP	HP models read 40% farther than SR versions—up to 7 ft/2.1 m away and capture images
Direct Parts	DS3608-DP/DS3678-DP	1D/2D/DPM, reads the highest density bar codes with ease, along with the most difficult to read DPM on metal or plastic

Invest in scanners that keep giving. Upgrade to Zebra today.
Ask us how to get **\$25 cash back** through the **GO Zebra Trade-in Program**.

*Disclaimer: Scan up to 70ft only with the DS3608-ER/DS3678-ER
