

SOTI

S SOTI SNAP

SOTI is a proven innovator and industry leader for simplifying business mobility solutions by making them smarter, faster and more reliable. Globally, with over 17,000 customers and over 22 million mobile devices under management, SOTI has proven itself to be the go-to mobile platform provider to manage, secure and support business-critical devices.

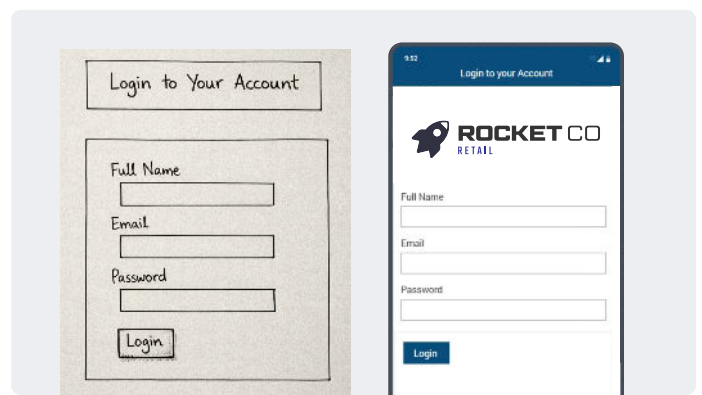

SOTI Snap is a cross-platform solution that enables organizations to rapidly build mobile apps using the data-capturing capabilities (camera, barcode scanning, video, etc.) of mobile devices to digitize processes and replace paper-based workflows, all from one intuitive dashboard.

Once data is collected, SOTI Snap moves it through automated, customized workflows to required stakeholders for necessary decision-making. This enables organizations to quickly act on data in real-time while having full visibility into what data has been collected, who has seen it, where it is in the approval process and where it is going next. This helps cut costly, time-consuming bottlenecks, making you more productive and enabling service delivery in a snap.

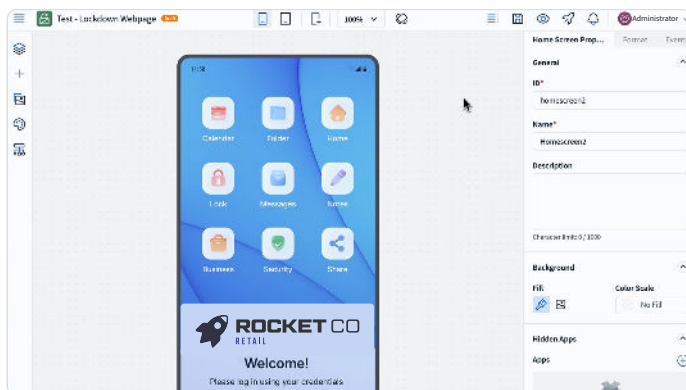

AI App Creation

Type a prompt and let AI build your app, or let the Template Recommender suggest one from the SOTI Pulse Marketplace.

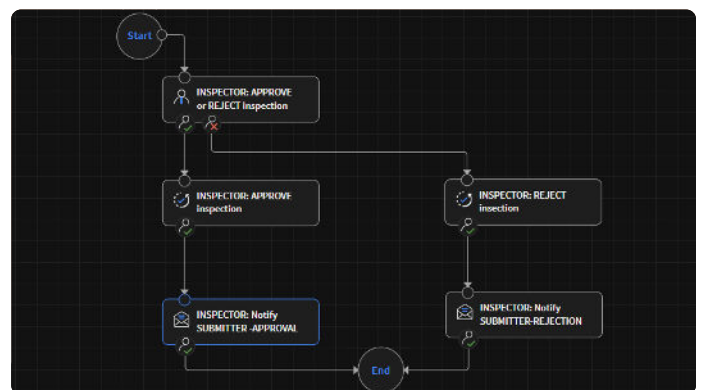

Digitize with Ease

Speed up digitization by digitizing pre-existing PDF forms or hand-drawn images. Drag and drop images or a file with your app layout ideas to generate a business app.

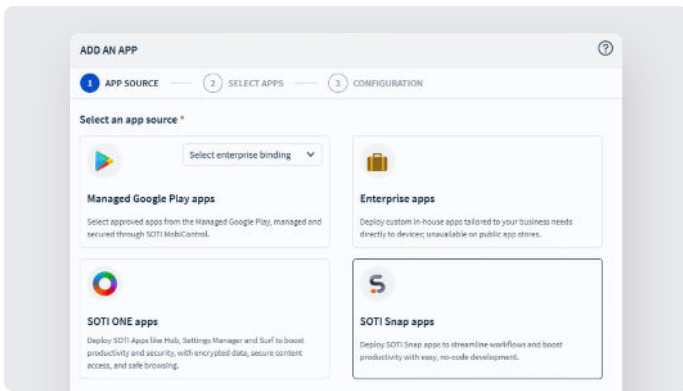

Custom Lockdown Experiences

Easily craft tailored lockdown experiences to improve the user experience, enhance productivity and showcase your brand with ease.

Accelerate Business Approvals

Streamline business approvals with faster processing, single-request submissions and instant visibility for quick action.

Manage SOTI Snap App Deployments with SOTI MobiControl

Simplify app deployment by pushing SOTI Snap apps directly to existing SOTI MobiControl device groups to save time, reduce manual effort and create a unified device management experience.

Visualize SOTI Snap App Data in SOTI XSight Live View

View real-time data from a SOTI Snap app directly on a SOTI XSight Live View map. While the map shows device status, SOTI XSight Topics simultaneously pull in SOTI Snap app data, providing actionable insights into your business operations in real time.

SOTI Pulse Marketplace - Mobile Apps

Access purpose-built mobile apps that transform frontline workflows, pre-built templates like Check-In/Check-Out and Forklift Inspections, help organizations streamline asset access, meet compliance requirements and drive operational efficiency in real time, speeding up troubleshooting and improving first-time resolution.

Why SOTI Snap?

Eliminate Bottlenecks

Streamline approvals, data entry and task handoffs to keep operations moving without delays.

Reduce Expenses

Cut costs associated with printing, storage and manual labor by replacing paper with mobile apps.

Improve Accuracy

Minimize human error with structured digital forms, automated validation and real-time data capture.

Enhance Security

Protect sensitive information with secure data handling, user authentication and centralized control.

Real-Time Visibility

Gain instant insights into frontline operations with live dashboards and real-time data capture, enabling faster decisions and proactive issue resolution.

Seamless Data Integration

Integrate captured data directly with existing enterprise systems to eliminate silos, improve workflows and ensure data consistency across the organization.
